

T-Cut CNC Tube Processing System

PC based tube processing system designed for the high production of square or rectangular tube.

T-cut 15

CAT# T-cut01

Specifications:

- PC Based Hypertherm Edge Control
- Tube support for Long Lengths Up To 8' Processed Tube
- Min Tube Dimensions 1.5" to Max Tube Dimensions 6"
- Longitudinal Motor Feed Drive System
- Includes Hypertherm Tube Processing Package
- Touch Screen Operation
- Pneumatic Tube Support & Placement
- Square or Rectangular Tube
- Includes Hypertherm Plasma Power Supply
